Campers of different age groups:

- ❖ Were introduced to vocabulary related to the Italian puppet theater and revisited the Adventures of Pinocchio, a famous children's novel by Italian writer Carlo Collodi (1883).
- ❖ They enjoyed watching the Italian version of Pinocchio movie with famous actor Roberto Benigni and they made the puppet come alive by creating their own.
- ❖ Observed the final stage of the life cycle of the butterfly. These beautiful insects, which were so well taken care of since the beginning of camp, were finally released on Monday afternoon.
- ❖ Practiced the Italian songs introduced throughout the first two weeks of camp, learned new songs, and worked diligently to master their assigned roles of the Pinocchio play. They are looking forward to performing on the last day of camp!
- ❖ Participated in a new cooking experience "Biscotti di Salame al Cioccolato" and devoured the cookies the very next day. They also continued to enjoy daily authentic Italian foods such as: different types of pasta, pizza, panzerotti, chicken strips, sausage, meatballs, salad and gelato.
- ❖ Acquired new vocabulary pertaining to specific Italian documents. They created their own passports to be used during their virtual trip to Italy. They also pretended to be at the airport, board a plane, and to go through customs upon their arrival in Italy (group #3).

**Our last official day of camp and end of program performance will be Friday afternoon, July 21. Look for more details next week.**
