Casa Italia

Campo Estivo – Summer Camp

Grazie – Thank you

On behalf of everyone involved in Casa Italia's Campo Estivo, we would like to extend our warmest thanks for having your child spend the last few weeks with us. We are very excited to have watched the campers grow and learn the Italian language and have immensely enjoyed interacting with them daily. We look forward to working with the campers again next year!

...e quando partiamo ci ricordiamo Casa Italia!

...and when we go, we'll remember Casa Italia!

CONI – Italian National Olympic Committee

Cav. Uff. Mico Delanova Licastro, U. S.

Representative of the CONI Italian National Olympic Committee came all the way from New York to treat our campers to a field day. He talked about the Olympic spirit and the importance of working together.

Alimentazione - Nutrition

Signora Carolina D'Anca came on Wednesday to give groups 3, 4, and 5 a presentation on nutrition and the importance of eating healthy. She brought some delicious samples of various fresh fruits and vegetables for the campers to try. They were able to try foods that some of them had never eaten before.

Sports, Calcio - Soccer

We've been playing bocce and other sports, too, but calcio (soccer) has been the most popular sport by far this year with nearly every group. The littlest campers take it just as seriously as group 5!

Camion dei Pompieri – Fire Truck!

Lieutenant Gino Mazzula of the Stone Park Fire Department had a big surprise for us on Wednesday! He brought a fire truck to camp and used it to make our water slide time extra special! Grazie mille, Tenente!
