We look forward to serving you.

Casa Italia in Stone Park is thrilled to announce the grand reopening of its Banquet Center and the introduction of a new chef who is poised to take the Casa to the next culinary level.

Mark Triggiano is a classically trained chef with impressive academic credentials and extensive experience in the dining industry. His lengthy resume includes stints as owner and chef of Pastafina in Chicago and executive chef at Sentry Insurance's Pagliacci Taverna in Stevens Point, Wisconsin.

Where else can you find credentials like that AND pasta, sausage, meatballs and neck bones for just \$13 per person, or beef tenderloin with soup or salad, pasta, potatoes, seasonal vegetable, fresh fruit and dessert for only \$27?

With our charming Banquet Center restored to its former glory on 17 wooded and landscaped acres and a skilled chef at the helm, Casa Italia is the perfect place to hold your next club meeting or family event.

Private parties can be scheduled in the evenings and on weekends with as little as seven days notice, and food service is available in the Community and Festival centers as well.

The Banquet Center is located on 37th Avenue between Division Street and Soffel Avenue in Stone Park, with ample free parking available.
