“The Lost Mountaineers” is dedicated to the memory of 25 G.I.s who perished when their amphibious vehicle sank in Lake Garda on April 30, 1945. Part of the 10th Mountain Division, the soldiers were declared MIA at the time. Almost 60 years after the night of the tragedy, a group of passionate historians set out in search of the vehicle and its crew.

Critically acclaimed, “The Lost Mountaineers” won the People’s Choice Award at the RAM Film Festival in 2023 and was named Best Documentary at the Monza Film Fest in 2024. The film was produced by Fondazione Museo Storico del Trentino and the Association Benàch with the support of the 10th Mountain Division Foundation and 10th Mountain Division Descendants and other entities.
